BE A PART OF THE RACING TEAM

Design and build your Formula-style racecar then take your place in the World's most prestigious engineering and project competition!

- Undergraduate, graduate and doctoral students can participate in the competition
- There are NO program and class restrictions, including preparation students
- “Design”, “Engineering”, “Business Logic Case”, “Cost Report Presentation” sections are required
- We need candidates with Ambition, Excitement, Devotion and Self-motivation

Experience is something you will build here

Design it, build it, race it and who knows, you can even crash it...
